The CRASH REPORTER

Monthly Newsletter Published by Silver Injury Law
April Edition

[Visit our Website](#)

Dear Readers,

This is the April 2024 edition of our newsletter. Our newsletter is offered as a monthly resource to you with the hope of providing you with a little something extra. At Silver Injury Law, we pride ourselves on our attention to detail and we strive to provide you with an exceptional client experience. Please feel free to check out our reviews on Google or, if you are a past client, to leave us one.

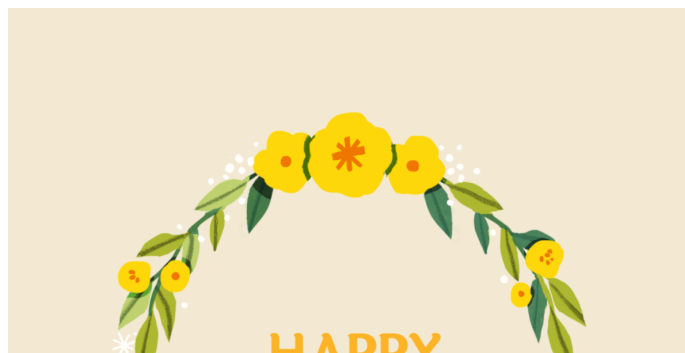

Best Regards,

The Silver Injury Law Team

(561) 488-3344 Main Office

(561) 445-2350 Cell Phone of Bruce Silver, Esq.

(305) 988-4977 Cell Phone of Emily Slosberg-King, Esq.

HONORING A LOCAL HERO

This month we are honoring a local hero, Barry Silver. A Rabbi, activist, attorney and former Florida state representative, Barry Silver was well known in Palm Beach County. He served Congregation L'Dor Va-Dor since 1996, emulating his father, Rabbi Sam Silver's devotion to interfaith harmony, traditional Judaism and social action.

Barry practiced civil, constitutional and abortion rights, public interest, environmental, and personal injury law. He was named Feminist of the Year by Broward NOW after winning a landmark case in defense of abortion rights.

Barry founded the Palm Beach County Environmental Coalition and Interfaith Justice League and has organized many interfaith rallies, demonstrations and legal efforts on behalf of the environment, civil rights, animal rights, Israel, Native Americans, and the homeless.

Barry Silver recently passed away after battling a long illness. He will be missed by all of those who knew him and those who

all of those who knew him and those who knew of his dedication and his work.

Celebrating Bruce Silver, Esq. this month... his humor, his wit, and all the ways he makes this world a better place.

Happy 56th Birthday Bruce!

Why Should You Choose Silver Injury Law?

- We Put Clients First
- We Believe that a Client's Business Must Be Earned
- We Handle Our Personal Injury Cases Personally
- We Believe that a Client's Good Will is Our Greatest Asset

At Silver Injury Law We Have Been Known to Walk "The Last Mile"

At Silver Injury Law we've been known to walk the "last mile" for our clients meaning that, when liability is uncertain or disputed, we will literally walk the "last mile" on the roadway before an accident happened so that we can see what the other motorist should have seen but didn't. We are mindful that, while we will move on to the next case, our clients only have one case so we conduct our own investigations to turn over every stone so that Justice can be allowed to prevail. Absolutely nobody is as thorough as me and my team in our pursuit of justice. - **Bruce Silver Esq.**

New Report Analyzes Impact of Hands-Free Laws on Distracted Driving

By: Governors Highway Safety Association

Governors Highway Safety Association, Cambridge Mobile Telematics release "A Road Map for Safer Roads" to highlight comprehensive strategies to combat distracted driving

Washington, D.C. & Cambridge, Mass. – The Governors Highway Safety Association (GHSA) and Cambridge Mobile Telematics (CMT) today released a new report addressing the growing concern over smartphone-induced distracted driving. The report proposes states implement a multi-faceted approach to improve road safety that includes the adoption of strong and clear laws, which CMT research confirms have a positive impact on distraction rates.

As part of a recent **Advanced Notice of Proposed Rulemaking for advanced impaired driving prevention technologies**, the National Highway

advanced impaired driving prevention technologies, the National Highway Traffic Safety Administration (NHTSA) estimates that distracted driving caused 12,405 fatalities in 2021 and a societal cost of approximately \$158 billion.

The report details how distracted driving has fallen in states like Ohio, Alabama, Michigan, and Missouri after they implemented hands-free laws. These results underscore the effectiveness of legal frameworks in enhancing road safety. The report also discusses how incentive-based programs such as "Safest Driver," powered by CMT technology, are motivating drivers to refrain from engaging in risky driving behaviors leading to a reduction in crashes.
